General Practitioners

“Congratulations on the new framework. I cannot recall seeing a more sophisticated approach to overall improvement, contemplating authentic leadership from the profession. It has many strengths. For example, I love the "Value" framework that appears early on, and the "Extrinsic/Intrinsic" construct is extremely useful. Most important, this provides hope for the kind of "learning nation" that can make real progress.”

- Don Berwick

Edinburgh Consensus Statement: New Models of Primary Care

Is this a desirable or a potential outcome for today's meeting?
